All other warranties, whether express or implied, including any warranties with respect to compliance with state laws, are hereby disclaimed and excluded. Ananda Hemp does not represent, warrant or guarantee against any losses or liabilities to the extent they arise out of your negligence or illegal sale of Ananda Hemp products.

ERIC WANG
CEO OF ANANDA HEMP

“I am honored to sponsor the Industrial Hemp Farming Act because I know firsthand the economic viability of industrial hemp. Hemp has created new opportunities for family farmers and good paying jobs for American workers, especially in Kentucky. The Industrial Hemp Farming Act exempts industrial hemp from the Controlled Substance Act’s definition of marijuana, creates a new category for hemp research at universities and state departments of agriculture, and allows for further commercialization of industrial hemp crops.”

JAMES COMER
UNITED STATES CONGRESSMAN (R-KY)

“Ananda Hemp is a duly registered licensee in Kentucky’s industrial hemp agriculture pilot program, authorized by the 2014 U.S. Farm Bill. Federal law is clear: Products using industrial hemp that is grown or cultivated in these pilot programs are not prohibited by the Controlled Substances Act. Further, federal agencies are prohibited from interfering with the interstate sale or transportation of hemp produced in these pilot programs.”

RYAN QUARLES
AGRICULTURE COMMISSIONER OF KY
